HYDROTHERAPY

Let the Chill Awaken Your Senses.

Introducing our line of hydrotherapy products designed for hot and cold contrast therapy.

The next evolution in cold plunge experiences.

Xtreme Degree™ hot and cold therapy wellness products are perfect for athletes, fitness enthusiasts, chronic pain sufferers, and anyone seeking enhanced wellness. They use hot, cold or alternating hot and cold treatments, to boost muscle recovery, reduce inflammation, and improve circulation. This therapy can alleviate pain, enhance mental clarity, reduce stress, and strengthen the immune system, leading to overall improved physical and mental health. Athletes benefit from faster recovery times, while those with chronic pain experience relief, making it a versatile and effective treatment option.
